Light-weight Vohringer Ply

About

- Manufactured in Germany
- Proven manufacturing process established over 50 years
- Garnica poplar ply is the core base sourced from Spain
- Meets Forest Stewardship Council environmental standards
- Meets UK Environmental standards
- Scratch resistant using only CPL & HPL coverings
- Board Size approx. 2420 x 1215 mm available in 3 mm & 15 mm thicknesses (other thicknesses can be supplied)
- In excess of 43 colours available from stock
- From 19 kg dependant on covering - lighter than other brands
- Used by market leaders in the UK caravan, motorhome & campervan manufacturing industry

The 15 mm board is supplied with the same colour covering both sides.
The 3 mm board is supplied with covering on one side.

VOHRINGER V-FLEX

Please note : Not suitable for floors

DARK GREY/BAMBOO

DARK GREY/LIGHT OAK

V-Flex these flexible panels are made from compacted raw/coated on one side PES/CoPES fleece material. They are breathable, absorbant and release moisture as well as have a sound-absorbing effect.

Normal Overall Size : 2400 x 605 x 9 mm

Made up of V-Flex which is 3 mm thick, strips are made from poplar plywood strips with covering (6 mm thick). Total thickness 9 mm.

Panels can be joined together so that they can be extended to fit the ceiling surface of vehicle.

Please note : Not suitable for floors.

97000 Dark Grey Panel/Light Oak Strips

97100 Dark Grey Panel/Bamboo Strips

TREND BEARING

Trend B260 bearing 26 mm Ø ¼" bore. Bearings are shielded to prevent penetration of dust and grease packed for life. To suit Trend router cutters.

60025

TREND ARBOR

Trend 33/60X1/4 arbor 33/60 for ¼" bore tools. Standard duty arbor with ¼" spindle and spacers. Enables mounting of ¼" bore slotters with and without bearings in a variety of positions.

60024

TREND SLOTTER

Trend SL/E slotter 2.0 mm kerf ¼" bore. Requires an arbor (**60024**) and bearing (**60025**). All slotters are precision made in TCT grade for long life when cutting the most abrasive materials. For Estorfer trim.

60023

TREND CUTTER

Trend C004X1/4TC two flute cutter 5 mm Ø. Suitable for a wide range of applications, such as engraving, grooving, rebating and shallow mortising.

See Page 51 - 53 for FULL RANGE of KITCHEN TAPS.

PURVARIO STORAGE SYSTEM

A simple but ingenious storage system that keeps bottles, cups, glasses, plates and pans safe and rattle free whilst in transit. Select the top you require, relevant to the item you wish to keep safe, and then select from two base sizes.

- 29200** Bottle Holder
- 29201** Cup/Glass Holder
- 29202** Plate/Pan Holder

STORE BLOCK

The Purvario storage system allows you to store and transport those breakable items without damage. The Vario System Modul IV is a six piece block set that sits on top of a base and the blocks can be moved to fit around the items you need to keep safe. An extremely flexible solution.

You will also require a base unit (available in two sizes).

- 29205**
- Base sizes:
- 29203** Small: 300 x 500 mm
- 29204** Large: 500 x 500 mm

CUTLERY TRAY

A universal compartment for cutlery. Comes in four pieces and stacks, allowing for easy removal from the vehicle.

29208

PLATE ASSISTANT

The Vario System Modul V is a four-piece set designed for the safe storage of plates, chopping boards, table mats, flat tupperware, flat pan lids and dishes.

The base of each module is skid resistant and stable. The system is modular and the initial four-piece set can be added to as required.

29206

PLATE STORAGE

Designed for quiet transport of plates in the vehicle.

Size: 23.5 x 15 x 23.5 cm (W x H x D)

Features raised grooves and sloping surface to ensure safe and secure storage while in motion.

29209

PURVARIO MULTI TRAY

A drip tray for vinegar, oil, liquors or other bottles. Additional compartments can be used for salt/pepper, shot glasses, spice shakers, etc.

Dimensions: 14.5 x 30 x 30 cm (W x H x D)

29212

STOW BARS FOR DRAWERS

A universal and adjustable storage solution for drawers.

8 adjustable pieces to create bespoke compartment sizes.

- 29207** Size: 60 x 325 mm (H x L) – 4 Dark Grey/4 Lime Green
- 29210** Size: 100 x 325 mm (H x L) – 4 Dark Grey/4 Lime Green
- 29211** Size: 100 x 325 mm (H x L) – 4 Dark Grey/4 Light Grey

COPPER PIPE
30 metre roll of copper pipe.
Ø: 8 mm (5/16").

30179

LOW PRESSURE HOSE
Low-pressure hose. Ø: 8 mm
(5/16"). 1.5 metre length.

30120-1.5

HIGH PRESSURE HOSE
50 metre roll of high-pressure hose.
Ø: 8 mm (5/16").

30138 50 m Roll
30138-1.5 1.5 metre

HIGH PRESSURE HOSE KIT
High pressure hose kit: length of
hose plus clips.

GAS SEAL PASTE
TRUMA gas seal paste : 25 g

30744

BUTANE REGULATOR

Low-pressure butane gas regulator. Maximum inlet pressure: 6 bar. Operating pressure: 28 mbar. Capacity: 1 kg/h. Inlet: Union 109. Outlet: 8 mm nozzle.

30116

PROPANE REGULATOR

Low-pressure propane gas regulator. Maximum inlet pressure: 20 bar. Operating pressure: 37 mbar. Capacity: 1 kg/h. Inlet: POL 105. Outlet: 8 mm nozzle.

30117

BUTANE REGULATOR

For gas cartridges/canisters with a threaded valve.

30175

BUTANE REGULATOR

Low pressure butane gas regulator. Maximum inlet pressure: 6 bar. Operating pressure: 29 mbar; Capacity: 0.8 kg/h; Inlet: 16 x 1.5; Outlet: 8 mm nozzle.

30118

BULKHEAD CHANGEOVER

Bulkhead automatic changeover. 30 mb. W20 x 8 or 10 mm compression.

30151 8 mm

30158 10 mm

BULKHEAD REGULATOR

Caravan regulator 30 mb. W20 x 8 or 10 mm compression.

30149 8 mm

30155 10 mm

BULKHEAD REGULATOR 90°

Caravan regulator 30 mb. 90° angle. W20 x 8 or 10 mm compression.

30150 8 mm

30154 10 mm

BUTANE GAS REGULATOR 21 MM

21mm Butane Clip-On Gas Regulator. Max Inlet pressure 7.5 bar. Capacity 1.5kg/hr. Operating pressure 30 mbar. Nozzle outlet to suit 8mm ID hose.

30110

PROPANE GAS REGULATOR

Clip-on 27 mm low pressure Propane regulator.

30112

BUTANE GAS REGULATOR KIT

Kit includes : 1 x 30118 Butane low pressure gas regulator; 2 x Hose Clips; 1.5 x metres of High Pressure Hose. Operating pressure 29 bar.

30115

REGULATORS WITH GAUGE

Butane & Propane gas regulator with gauge.

30180 Butane 29 mbar

30181 Propane 37 mbar

BARBECUE GAS POINT

Whale Easi Slide BBQ gas point in White.

30021

BULLFINCH BARBECUE POINT

Bullfinch cover that locks open or closed.

MPK FRIDGE VENT

MPK hard plastic vent.
 Colour: White or Black.
 Size: 365 x 139 mm (W x H).

- 30508** White

- 30509** Black

PLINTH VENT

A hard plastic vent suitable for
 internal or external use. Overall
 size: 312 mm x 86 mm.

- 60160** Dark Grey

- 60161** Black

MESH VENT COVER

Plastic mesh vent cover that fits onto
 75 mm Ø Vents.
 Colour: Black . Size: Ø 50 mm ;
 protrudes approx. 10 mm.

- 60157**

METAL LOCKABLE LPG GAS BOTTLE LOCKER

Exclusive to Grassroutes Leisure.
Lockable metal gas bottle box. Sealed door and complies with BS EN 1949:2011.

UK MADE

Colour: Black.

These steel gas lockers meet standards and are approved by the NCC when fitted by a qualified person using the correct drop vents and gas manifold (sold separately).

30153 Small: 240 x 340 x 275 mm (W x H x D)

30156 Large: 255 x 445 x 300 mm (W x H x D)

JUBILEE CLIPS

Zinc-plated jubilee hose clips. Supplied in boxes of 10.

30606 MOO 11-16 mm

30607 OO 13-20 mm

30608 OX 18-25 mm

30609 2A 35-50 mm

JUBILEE CLIPS : 143 CLIPS

Mild Steel Jubilee Clips Plastic pack of 143 Clips of the most popular Jubilee clips.

30610

JUBILEE P CLIP KIT

Assorted pack of 110 Jubilee P Clips in the most popular sizes.

30611

The **GASTORE** under slung tank kits are an advanced way of storing your LPG gas in a leisure vehicle. Ideal for supplying the BBQ, van heating, hot water and cooking appliances.

VW T5 & T6 LPG TANK KIT

15-litre tank – @ 80% fill holds 12 litres or 6 kg of gas. In-built level gauge; tank brackets (all 316 stainless steel). Includes 1.25-metre fill hose
Kit weight: 14 kg (dry)
Mounted to vehicle using 4 x M10 bolts (supplied)
Kit supplied pre-assembled and pressure tested
Gas pressure test point on regulator
CE and R67 approvals – exceed UKLPG Cop11 when installed to instructions

30255

BOXER/RELAY/DUCATO LPG TANK KIT

25-litre tank. Includes 4.5 metre level gauge cable; 4.5 m solenoid cable. Parts include 2 x stainless steel vehicle mount brackets 30mBar Cavagna regulator; through body bayonet fill point with housing; 3 m filler poly hose; 600 mm pigtail; 2 x 8 mm hose connections; 20 mm grommet; electronic solenoid control and level gauge; electrical junction box; 4 x M8 hex rivnuts and bolts; 6 x hose P clips; tank and value certificates/instructions/log card.

30256

PROPEX MALAGA 5E WATER HEATER

A high-capacity water storage heater. The 5E has the benefit of a 750 W electric heating element. It provides a quick and efficient supply of hot water for showering and washing in leisure vehicles.

Main features include:

- 13-litre capacity for longer washing and showering times with electronic control.
- Efficient gas burner for faster warm up times.
- 750 W element.
- Small flue terminal – neat appearance on outside of the vehicle.
- Safe-combustion production are completely sealed from the leisure vehicle interior.
- Easy to fit and service – controls to the rear of the unit.

30208

WHALE EXPANSE WATER HEATER

The Whale expanse water heater has been cleverly designed to maximise living space whilst adding improved functionality.

Features include:

- Rapid heat up, reheat and retention.
- Can run on electric only, gas only or both combined.
- Simplified and easy installation.
- More heat, more control, more space and reduced heat-up times.

30575 For Internal Fitting

30157 For External Fitting

SURECAL 6 LITRE WATER HEATER

Built in the UK this water heater is made of the finest materials that guarantees excellent performance and reliability. Quick and easy to install. Retains heat up to 24 hours after the immersion has been switched off. Fitted with a thermostatic mixer valve for the safety of those onboard and increases the volume of hot water. 12/240V.

Capacity : 6 litres
 Dimensions: 245 x 250 x 440 mm (W x H x D)
 Weight : 8 kg

30806

PUNDMANN WATER HEATERS

These water heaters have been specifically designed for installation in leisure vehicles where there is limited space and weak power conditions. The PUNDMANN TERM boiler is a low pressure boiler that can be conneted to any water system with existing fittings in the mobile arena. The connections are designed for a 10 mm hose. The boiler is compact and light. The units are made from high quality stainless steel that meet with drinking water standards. Three Year return to base warranty.

30811 3 litre 12/24v

30812 6 litre 12/24v

30813 10 litre 12/24v

**MV AIRO 2 KW DIESEL HEATER**

The Airo 2 is a diesel heater that is easy to fit, economical and lightweight with low current consumption. It is fully automatic in operation with a simple rotary control for stepless output from 0.9 kW to full 2 kW. It takes diesel fuel from the vehicle tank via its own fuel pump (supplied in the kit) and delivers it to the heater in precise amounts to give a clean burning, low noise exhaust which exits underneath the vehicle.

30400 MV AIRO 2 + Fitting Kit

**FITTING BRACKET**

Underbody MV AIRO2 heater bracket for T5/T6.

30472

**TIMER**

7 Day timer kit for MV AIR02.

30471

**PROPEX HS2000 HOT AIR HEATER**

The HS2000 is a 12 volt/gas hot air heater designed to be fitted to the inside of the vehicle gas/12 volt.

Specification:-

Input: 2.1 kW.

Heat output: 1.9 kW.

Voltage: 12 V or 24 V.

Dimensions: 172 x 100 x 320 mm (W x H x D).

30209

**PROPEX HS2000E HOT AIR HEATER**

Designed to be fitted to the inside of the vehicle this heater can be fuelled by propane/butane gas or 240V mains electric giving the option of using mains hook up to provide selectable 500 W, 1 kW or 2 kW of heat output.

Specification:-

Heat output: gas 1.9 kW; electric 500 W, 1 kW, 2kW.

Voltage: 12 V or 24 V.

Electric: 230 V AC 50 Hz.

Size: 172 x 100 x 320 mm (W x H x D).

30375

PROPEX HS2800 HOT AIR HEATER

The Propex HS2800 is a 12 volt/gas hot air heater designed to be fitted to the inside of the vehicle.

Specification:-
 Input: 3.0 kW.
 Heat Output: 2.8 kW.
 Voltage: 12 V or 24 V.
 Dimensions: 210 x 120 x 415 mm (W x H x D).

30215

PROPEX HS2211 HOT AIR HEATER

The Propex HS2211 hot air is designed for mounting underneath the vehicle and ducting directly through the floor into the vehicles interior.

Specification:-
 Input: 2.0 kW.
 Heat output: 1.9 kW.
 Voltage: 12 V DC.
 Dimensions: 157 x 230 x 430 mm (W x H x D).

30210

PROPEX HS2212 EXTERNAL HOT AIR HEATER

The Propex HS2212 heater is designed for mounting underneath the vehicle and ducting directly through the floor into the vehicles interior.

Specification:-
 Input: 2.0 kW.
 Heat output: 2.0 kW.
 Voltage: 240 V.
 Dimensions: 285 x 181 x 713 mm (W x H x D).

30386

PROPEX DOUBLE OUTLET KIT

For HS 2000 hot air heater.

30217-2000

EBERSPAECHER AS3 EXTERNAL DIESEL HEATER

The AS3 D2L Airtronic 12V heater kit has been designed to fit and work perfectly with the following vehicles VW T5, T5.1, T6, T6.1 and Ford Transit Custom. An easy, efficient way to ensure that you can always keep the interior of your camper at a comfortable temperature, the Eberspächer AS3 D2L Airtronic heater has been designed to fit to the exterior of your vehicle, to save space on the interior.

Features include:-

- Easily mounted to the underside of your Ford camper, to save on interior space
- Supplied with all the parts needed to install it to a Digital display via Cam or Lin Bus connection
- Powered by 12v or 240v electricity and fuel from your vehicle
- Comes with an Easy Start Pro controller, so you can alter settings from anywhere inside your camper

Kit consists of:-

- Eberspächer AS3 D2L Heater
- Mount bracket for external installation
- Easy-start Pro controller
- Wiring loom for battery
- Fuel pipe with tank pick up
- 1 metre exhaust
- Ducting and associated fittings included
- 1 x hot air outlet

NEW

- 30876** External Diesel Kit : VW T5/6

EBERSPAECHER AS3 INTERNAL DIESEL HEATER

The AS3 D2L Airtronic 12V heater kit has been designed to fit and work perfectly with the VW T5, T5.1, VW T6 and T6.1. An easy, efficient way to ensure that you can always keep the interior of your Volkswagen camper at a comfortable temperature, the Eberspächer AS3 D2L Airtronic heater has been designed to fit to the interior of the vehicle. Kit consists of:-

- Eberspächer AS3 D2L Heater
- Mount bracket for internal installation
- Easy-start Pro controller
- Wiring loom for battery
- Fuel pipe with tank pick up
- 1 metre exhaust
- Ducting and associated fittings included
- 1 x hot air outlet

30875 Internal Diesel Kit : VW T5/6

NEW

EBERSPAECHER E-AIRTRONIC

The new electric air heater E-Airtronic operates with 110V or 230V and a heat performance of 1Kw. It ensures comfortable temperatures in the interior of electric and hybrid vehicles. For internal combustion engine vehicles and caravans/trailers it can also be operated in stationary usage via landline. The small air heater can be installed very easily wherever heat is required.

Dimensions: 207 x 185.6 x 139 mm

Voltage (PTC): 230 V AC/50 Hz

Voltage (Fan) : 12 V DC

Heating Performance : 900 W +/-10%

Kit includes:- heater, wiring & manual control.

AQUA-HOT GEN 1 D4 E - DIESEL

The Aqua-Hot Gen 1 D4 E is a compacted forced air heating system with 10 litre water heater in an all-in-one unit, fueled by diesel with an electric mode, specifically designed for recreation vehicles.

This unit can heat the water independently of the furnace, allowing you to be comfortable all year round and always be able to have a hot water. The electric mode gives you the option to save fuel while you are connected to the 230V hook up.

Features include:-

- Open Source: RV-C Ready
- Fuel Type : Diesel
- Power Supply : 12V DC – 230V AC
- Heat Output : 2.000 W / 4.000 W
- Electric Mode Output : 900 W / 1.800 W
- Efficiency : 91%
- Fuel Consumption : 0.28 – 0.65 l/h
- Water Tank Capacity : 10 litre (Stainless steel)
- Current Draw (12 V) : 1.8 – 4.0 A
- Current Draw (230 V) : 3.9 – 7.8 A
- Dimensions (W x H x D) : 510 x 300 x 450 mm
- Weight : 15.6 Kg
- Warm Air Flow Rate : Max 287 m3/h
- Water Pump Pressure : Max 2.8 bar
- System Pressure : Max 4.5 bar
- Hot Water Options : 40°C - 60°C
- High Altitude Ready : up to 5.000 m
- Lower Point Drain : Included
- No Anode Design : Included
- Automated Timer : Included
- Oil Pre-Pump Mode : Included

NEW

AQUA-HOT GEN 1 P6 E - PROPANE/BUTANE

The Aqua-Hot Gen 1 P6 E is a compact forced air heating system with 10 litre water heater in an all-in-one unit, fueled by gas (propane/butane) with an electric mode, specifically designed for recreation vehicles.

This unit can heat the water independently of the furnace, allowing you to be comfortable all year round and always be able to have a hot water. The electric mode gives you the possibility to save fuel while you are connected to the 230 V hook up.

Features include:-

- Open Source: RV-C Ready
- Fuel Type : Gas (Propane/Butane)
- Power Supply : 12V DC – 230V AC
- Operating Pressure : 30 mbar
- Heat Output : 2.000 W / 4.000 W / 6.000 W
- Electric Mode Output : 900 W / 1.800 W
- Efficiency : 98%
- Fuel Consumption : 160 – 480 g/h
- Water Tank Capacity : 10 litre
- Current Draw (12 V) : Max 5.6 A for a short term (ave.1.3 A)
- Current Draw (230 V) : 3.9 – 7.8 A
- Dimensions (W x H x D) : 510 x 300 x 450 mm
- Weight : 15.6 Kg
- Warm Air Flow Rate : Max 287 m3/h
- Water Pump Pressure : Max 2.8 bar
- System Pressure : Max 4.5 bar
- Hot Water Options : 40°C - 60°C
- High Altitude Ready : up to 5.000 m
- Lower Point Drain : Included
- No Anode Design : Included
- Automated Timer : Included
- Oil Pre-Pump Mode : Included

STERLING POWER TRIDENT DC/DC SOLAR

This BBWS battery to battery charger is a device typically installed between a starter battery (input) and a house / domestic / service battery (output). Designed to charge up your 12V domestic / service / auxiliary battery from the power generated from your alternator, whilst your engine is running. As this device is 25A or 40A rated on the input, we recommend running from an alternator 60A+. This BB charges both lead acid style batteries and lithium batteries. The solar input is good for up to 32V and shall harvest 350W or 550W (model dependent). The BBWS shall simply get power from either solar or power generated from your alternator. It shall tap into where it can get the most power from.

20363 25 Amp

20364 40 Amp

NEW

SARGENT DX20-12

This DC-DC charger takes power from the vehicle battery and alternator, to provide rapid charging of a leisure battery. The leisure battery is more fully charged than using traditional relay systems and any voltage losses in cabling are reduced.

30199

SARGENT DXC30-12

This DC-DC charger takes power from the vehicle battery and alternator, to provide rapid charging of a leisure battery. It has multi-stage charging, vehicle protection and is fully protected. Max Power : 390W; Input/output voltage 8-15V; 94% efficiency.

30198

ROBERT LEISURE BATTERY CHARGER

UK manufactured intelligent battery charger for leisure vehicles. Features include controlled multi-stage charging, remote LED connection, short circuit and over current protection, high temperature protection, 12 Amp. For detailed specification please see our website.

30385

SARGENT DX3210-12

This DC-DC charger takes power from the vehicle battery and alternator, to provide rapid multi-stage charging of a leisure battery. The battery is more fully charged than using traditional relay systems and any voltage losses in cabling are reduced. An engine running input ensures the charger is compatible with both smart and standard alternators and selector switches provide the optimum charging profile for most battery types. Please see our website for more information.

30297

SARGENT AC50X

This control panel has an easy-to-use switch design to control power, entry light, water pump and battery level reader. It does require a separate relay to turn the leisure power on/off. The AC50X is supplied with a dark grey panel as standard. See [30290PG](#) & [30290PS](#) for additional panels.

30290

SARGENT MODULAR POWER SYSTEM COMOPLETE KITS

The modular power system is both compact and flexible, allowing mounting as a single unit or separately where space is a premium. The MC100 is the hub of the system providing power, switching and monitoring for 12 volt accessories such as heating, lightin and water systems. The MC200 provides RCD and MCD protection for 230 volt mains circuits. A colour touch screen display offers intuitive controls for monitoring and control of lighting, power, water and enviornmental sensors. The system can be easily expanded througth the addition of intelligent CANBus accessories such as lithium batteries, ultrasonic water sensors, solar regulators can battery chargers.

- Modular Power Supply Units - provide protection and control for all AC & DC circuits.
- Touch screen Control Panel - intuitive interface for control and monitoring of equipment.
- Multi-stage battery charger - up to 20 Amps for charging leisure or vehicle battery.
- Fresh & water tank sensors - provide tank monitoring and control panel alerts.
- Environmental sensors - monitor internal temperature / humidity and external temperature.
- Plug & play connections - flexible installation using pre-made harnesses and connector kit.
- Fully protected - built in RCD, MCD & 12V fused protection kit.

Kit contents include:-

- MC100 Control Unit.
- MC200 Consumer Unit.
- EC940 (4 inch) or EC970 (7 inch) Touch Screen Display.
- PX300 Battery Charger.
- 12V & 230V Wiring Harness.
- Water Sensors.
- Temperature Sensor.
- Connector & Fuse Kit.

5 LITRES | 10 LITRES | 25 LITRES

These jerry cans are manufactured from HDPE plastic. They can withstand tough commercial and industrial environments.

HDPE has high impact-resistance and high resistance against many strong and weak chemicals. It is ideal for storing oils, detergents, lubricants and fuels safely. Food grade approved and UN certified, these jerry cans come with a sturdy screw cap for extra protection.

Ideal for leisure vehicles as they can be used with submersible pumps. They are stackable and are available in three sizes:-

JERRY CAN TAP

Wide nozzle. Available in two sizes:

UNIVERSAL FRESH WATERPUMP UF0812

The Whale Universal Freshwater Pump (UF0812) is an onboard mounted electric pump which can be integrated into caravan and marine water systems vertically or horizontally. A particular feature that makes it stand out is the fact you can run your system dry without causing damage to the pump. 12 litre/15 psi. Suitable for use with freshwater. Runs dry without damage. Inlet strainer included. Easy installation – suitable for 15 mm Quick Connect plumbing direct connection.

30030

FIAMMA AQUA 8

Self-priming 12-volt water pump. Will pump vertically over 3 metres without priming. 7 litres/minute, 1.5 bar. Absorption 3.4a. Weight: 1.37 kg. Size: 160 x 130 x 225 mm (W x H x D).

30076-7 7 Litres

30076-10 10 Litres

Aqua F -10 litre

Aqua F -13 litre

FIAMMA AQUA F

Self-priming diaphragm pump with four chambers for potable water designed for a constant and high flow. Equipped with innovative inner membrane made from a single piece to ensure a watertight seal. Also features an anti-vibration base, brass pressure switch with fixed calibration and external filter for easy maintenance. Enhanced motor with high efficiency to ensure high capacity with low power consumption. Can be installed in any position and can run dry without damage.

30073 10 Litres (Excludes Pipe Fittings)

30071 13 Litres (Includes Pipe Fittings)

FIAMMA EXPANSION TANK A20

Suitable for all pressure switch pumps. Eliminates the pulsating operation of pressure switch pumps and supplies a constant flow of water, reducing water and electrical consumption. Weight : 0.3 kg.

30318

WHALE WATER MASTER SYSTEM: EP1612

A simple way to couple water and electrical connections for the submersible pump to outside water containers. Pump and socket can be disconnected for travelling. 12 V. For use with 33002 Whale water master socket (ES1001). Supplied boxed.

33003

WHALE WATER MASTER SOCKET: ES1001

For use with 33003 Whale water master system.

exclusive

LED WATER LEVEL INDICATOR

With one push of the test button, you are able to monitor the water levels of one tank.

There is no need to wire in a 12-volt supply as the LED indicator gauge comes complete with its own battery, which is easily replaced when the need arises. For sender probe see item 20047.

Size: 65 x 65 x 16 mm (W x H x D)

20045

Grassroutes
LEISURE LTD
exclusive

LCD WATER LEVEL INDICATOR

These new technology gauges have a coloured LCD analogue display with LED backlighting for crystal clear viewing.

Five levels are displayed. A 12-volt supply is required. These gauges only draw 50 mA so they can be left on without flattening your on-board battery. There is a power on/off switch to turn the gauge off when the caravan is not in use. See item 20047 for sender probe.

Size: 115 x 108 x 20 mm (W x H x D)

20046

SENDER PROBE

This easy-to-fit tank sender probe only requires one 22 mm (7/8") hole in the side of the tank and suits tanks from 100 mm to 280 mm (4" to 11") deep. Length: 5 m.

The sender probe is sealed by a special grommet which is compressed in the hole when the nut is tightened and measures the water level by contact with the five sensors along the arm. It has no moving parts.

For use with 20045 & 20046.

20047

PROGRAMMABLE WATER TANK GAUGE

Programmable LED/LCD water tank indicator. Comes preprogrammed to suit standard sender and 180/200 mm deep tanks. LED is battery operated. LCD is 12V operated.

**TELECO WING DIGITAL TV ANTENNA**

This mini antenna is designed to receive UHF channels. It features a special circuit configuration and a high gain amplifier, making it possible to receive.

VHF B3 programmes. It is supplied with 5 metres of coaxial cable, connecting plug, amplifier, 2 outputs for TV sets and 4G filter. Power supply: 220 V, 12 and 24 V. Size: Ø : 310 mm

30603**TELECO TELEPLUS X2/39U DIGITAL TV AERIAL**

This TV aerial is designed and manufactured to gain higher sensitivity to weak signals. Uses a polarity direction mechanism to receive all digital and analogue TV signals that are transmitted on both horizontal and vertical polarity with top performance.

The pack includes:

Low-noise amplifier with adjustable gain.

Double pole.

High gain 38 dB (with amplifier).

Power supply: 12/230 V. 390 mm mast for installation inside a suspended wall unit.

30619**TV / CIGARETTE POINT**

Berker 12-volt cigarette & TV socket. Packed. Colour: Anthracite. Size: 60 x 60 mm (W x H).

20248**BERKER TV/SATELLITE POINT**

Berker TV/satellite socket. Colour: Anthracite. Packed. Size: 60 x 60 mm (W x H).

20239

DOMETIC FRESHJET FJX4 1500M

This model is designed for small to medium sized vehicles. The Freshjet FJX4 1500M roof air conditioner quickly cools the vehicles interior with its two way air distribution system. It also dehumidifies the air and filters out dust particles. Powerful but quiet it ensures travellers can enjoy a comfortable journey. It has manual controls that set the desired temperature and airflow

DOMETIC FRESHJET FJX4 1700 AND 200

Fresh design, superior cooling performance, optimized airflow, amazing quiet operation - these are the outstanding features of Dometic's new generation of RV air conditioners. The two electronic models in the new Freshjet FJX4 series come with a convenient touch control panel, advanced CleanAir technology, remote control and a LED ambient light. The Freshjet FJX4 2200 has soft start-function, that ensures hassle free operation even on camp sites with low electrical circuit performance.
